

# Dream English Counting Game

Pick up game: Cut out the cats and fish. Ask the students to close their eyes and count to ten. Place the cut out cat and fish cards around the room. Ask your students to open their eyes and find as many cats and fish as they can. Once they are done take turns counting cat and fish. Ask the students, "How many fish do you have?" "I have 2 fish" and do the same with the cats. Make as many copies of this sheet as is necessary for your class size.
